MODULAR

IT. Modular EL, rappresenta una nuova applicazione dell'esclusivo e proprietario brevetto di Selle Bassano applicato alle biciclette elettriche, il Modular system (sistema di spertura da 0 a 6 cm della larghezza della sella). Questo nuovo modello entra a fare parte a pieno titolo nella gamma Feel, grazie agli accorgimenti esclusivi dedicati all'e-rider. Un nuovo design, una nuova area di decompressione centrale, accentuata ed evidenziata da uno speciale grip, fanno della Modular EL, il massimo della gamma Selle Bassano, in termini di comfort e design per il rider urbano, che ricerca la massima persoanlizzazione ed esclusività di prodotto.

EN. Modular EL, a new application of the exclusive, proprietary Selle Bassano patent applied to e-bikes, the Modular System (system opening from 0 to 6cm of the saddle width). This new model is now a full Feel range member thanks to exclusive expedients dedicated to the e-rider. A new design, a new central decompression area, increased and stressed by a special grip, make Modulare EL the maximum of the Selle Bassano range in terms of comfort and design for the urban rider searching for maximum product customisation and exclusivity.

DE. Modular EL stellt eine neue Applikation des exklusiven und eigenen Patents von Selle Bassano für elektrische Fahrräder dar, das Modular System (Öffnungssystem 0 bis 6 cm der Sattelbreite). Dieses neue Modell gehört ganz zur Serie Feel, dank der exklusiven Maßnahmen, die für die e-Rider getroffen wurden. Ein neues Design und ein neuer Bereich mit zentraler Dekompression, der durch einen speziellen Grip unterstrichen und herausgestellt wird, machen aus dem Modular EL das Top des Angebots von Selle Bassano, was Komfort und Design für den Stadtfahrer angeht, der eine individuelle Gestaltung und exklusive Produkte sucht.

Design for
Pedelec System
eCity and eTrekking

ErgoFit is the new technology developed by Selle Bassano, to help the rider resolve those problems and conditions that can emerge in certain parts of the body when pedalling; caused by that excessive, lasting stress suffered by the perineum.

ErgoFit ist die neue von Selle Bassano entwickelte Technologie, um dem Radfahrer zu helfen, die Probleme und Pathologien zu lösen, die in einigen Körperbereichen während des Fahrens aufgrund einer zu starken und anhaltenden Beanspruchung des Perinealbereichs auftreten können.
